Petitioner hereby requests revival, pursuant to the provisions of 37 C.F.R. § 1.8(2)(b) and/or 37 C.F.R. § 1.137(b), of the above-identified patent application which was abandoned for failure to respond to an Advisory Action mailed July 10, 2001 according to a Notice of Abandonment mailed August 13, 2001.

Prior to the mailing date of the Advisory Action, Applicant had forwarded a Notice of Appeal, under the certificate of mailing procedures of 37 C.F.R. § 1.8(a)(1), to the United States Patent and Trademark Office on June 26, 2001 which was the expiration date of the full six-month statutory period of response set for a Final Office Action mailed December 26, 2000.

Applicant had authorized payment, from Applicant's Deposit Account, of the full three-month extension fee, pursuant to the requirements of 37 C.F.R. § 1.136(a), in a Response to Final

Certification Pursuant to 37 C.F.R. § 1.8(2)(b)

Office Action forwarded to the United States Patent and Trademark Office by facsimile on June 15, 2001. Applicant's facsimile machine printed a "Send Successful" for the Response to Final Office Action and accompanying Request for Extension of Time.

Applicant has also received a dated, stamped "received" postcard receipt for the Notice of Appeal from the United States Patent and Trademark Office.

Therefore, according to Applicant's records, a response to the Final Office Action was timely submitted prior to the expiration of the statutory period of response, as extended.

Pursuant to the provisions of 37 C.F.R. § 1.8(2)(b), Applicants re-submits herewith a copy of the Notice of Appeal and a Statement of Raphael A. Monsanto to establish that the Notice of Appeal was forwarded by post on June 26, 2001 under the certificate of mailing procedure outlined in 37 C.F.R. § 1.8(a)(1).

As understood, no petition fee is required for a Certification Pursuant to 37 C.F.R. § 1.8(2)(b).

Nevertheless, Applicant petitions, in the alternative, for revival under 37 C.F.R. §1.137(b) for any inadvertent omissions that might have resulted in the holding of abandonment. In the event that revival pursuant to 37 C.F.R. § 1.137(b) it is required, the Commissioner is authorized to charge Deposit Account 50-0720, in the name of Rohm & Monsanto, PLC, in the total amount of \$1,600.00 for:

- (1) the petition fee under 37 C.F.R. §1.17(m) for filing a petition to revive an unintentionally abandoned application by a large entity (\$1,280); and
- (2) the fee for the enclosed Notice of Appeal (\$320).

**Certification Pursuant to 37 C.F.R. § 1.8(2)(b)

Page 3**

Of course, the Commissioner is also authorized to charge any additional fees required to comply with the rules or reinstate the present application, or to credit any overpayment, to Deposit Account No. 50-0720.

The entire delay in replying to the Final Office Action from its due date until the filing of the present grantable petition to revive pursuant to 37 C.F.R. § 1.137(b), was unintentional.

Since the present application was filed subsequent to June 8, 1995, no Terminal Disclaimer is required pursuant to 37 C.F.R. § 1.137(c).

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under §1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which this verified statement is directed.
